

Do you live in the Thornton Creek watershed? Do you want to help reduce pollution in Thornton Creek? Ask about a Rain Garden!

If you live in the Thornton Creek watershed and do not live on a steep slope then you may be eligible for a **FREE** rain garden!

Benefits Include:

- ✧ Filtering pollutants before they reach the creek
- ✧ Beautiful native vegetation provides habitat for bees, butterflies and birds
- ✧ Reduced flooding and storm drain overflow
- ✧ Enhanced appearance of homes and yards
